Articulated Haul Truck Operations

NATIONAL UNIT OF COMPETENCY: RIIMPO337E - Conduct articulated haul truck operations

COURSE OVERVIEW:

This nationally accredited unit covers the skills and knowledge required to operate, load, haul and dump materials using an articulated haul truck. It is suitable for those working in site-based roles in the civil industries. This unit applies to both front and rear dumping haul trucks.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories and industry sectors, and must be sourced from state jurisdictions prior to applying this unit.

DELIVERY METHOD:

This course will be delivered on behalf of APS Training Group by Regional Training Contractors of South Australia under a third-party agreement. RTCSA delivers this course as assessment only for experienced operators.

This unit contains theory and practical elements.

- Blended assessment:
  - Face-to-face on the job
  - Classroom based
  - Option of self-paced theory assessment prior to practical assessment.

COURSE CONTENT:

Assessment is based on theory questions as well as simulated practical scenarios and includes:

1. Planning and preparing for articulated haul truck operations including identifying hazards and environmental issues.
2. Conducting prestart checks and start up procedures.
3. Driving and operating articulated haul truck using techniques suited to equipment capabilities, site and work conditions, and according to workplace procedures.
4. Monitoring hazards and risks during operations and ensuring safety to self, others, plant and equipment.
5. Loading, hauling and dumping materials to complete work activity.
6. Parking, shutting down, securing and performing post operational inspection of equipment in line with workplace procedures.
7. Cleaning work area in line with workplace procedures.

LOCATIONS:

RTCSA delivers articulated haul truck assessments, at worksites throughout regional South Australia, and Northwest + Southwest Victoria.

PRICE:

RTCSA is a predominantly onsite training provider and prices will vary due to differing training locations, participant numbers, participant experience and availability of machine. Quotes for assessments are supplied at time of enquiry.

QUALIFICATION OUTCOME:

Successful students will receive a Statement of Attainment for RIIMPO337E – Conduct articulated haul truck operations recognised under the Australian Qualifications Framework, and a wallet-sized plastic card, issued by APS Training Group RTO #31588.
